

# Poly Entry Wins Collegiate World Championship In Runaway

DETROIT, MICH.—With a tremendous burst of speed, Poly Pacer, Cal Poly representative in the International Intercollegiate Turtle Trudge won the official world's championship. The annual event was staged at Detroit University and had an entry of 100 turtles representing colleges and universities from all parts of the globe. Poly Pacer rambled across the circular

track in 43.6 seconds, seven minutes ahead of second place rival H. J. Moloney, representing University of Kentucky. Metro, the Los Angeles City College entry, finished third. The race attracted turtles from as far away as Adelaide, Australia; Heidelberg, Germany, and Edinburgh, Scotland. Up till three weeks ago Poly Pacer was just another female wood turtle with one exception—she was unwanted. Two weeks ago Glenn Douglas, Industrial Engineering major, discovered the foundling on his door step and notified a local disc jockey,

Dick Colasanti, of his find and asked him to locate the owner. At the same time the Rally Committee was looking for a turtle to represent Cal Poly in the Detroit tournament, and when Colasanti's announcement about a lost turtle was heard, Rally Committee representatives asked Colasanti if they could have the turtle if no owner was found. No owner was found. Next order of business was how to find a name. Colasanti in cooperation with Rally Committee held a name-the-turtle-contest which was won

by Bill Lee, Industrial Engineering major. Official trainer of Poly Pacer was Mac Dyer, Electronics major, who disclosed that the training program consisted of teaching the turtle not to be afraid of being handled, so that when the race began, his head would be outside the shell. Poly Pacer's diet consisted of a high protein turtle food and a proportionate serving of Wheaties. Poly Pacer's measurements: five inches in length, weighs two pounds and has emerald green eyes.

Vol. XXII, No. 36 SAN LUIS OBISPO, CALIFORNIA Friday, May 5, 1961

## Rags To Riches . . .

**NUMBER ONE . . .** Poly Pacer is the 1961 world's champion after defeating ninety-nine other turtles from throughout the world in the annual Turtle-Trudge at Detroit University. Poly Pacer won in the fantastic time of 43.6 seconds, seven minutes ahead of H. J. Moloney, University of Kentucky.

## Top Physicist Serves As Visiting Lecturer May 8-9

Dr. Edward C. Creutz, director of the General Atomic Division of the General Dynamics Corporation in San Diego, will serve as a visiting lecturer on Monday and Tuesday, May 8 and 9. He will be hosted by the Physical Science Department. Woodford E. Bowls, department head is in charge of arrangements.

Dr. Creutz, who is also director of the John Jay Hopkins Laboratory for pure and applied science,

DR. CREUTZ

will visit under auspices of the American Association of Physics Teachers and the American Institute of Physics as part of a broad, nation wide program to stimulate interest in physics. The program is now in its fourth year and is supported by the National Science Foundation. Lectures, informal discussions, assistance to faculty members concerning curriculum and research technology. From 1955 to 1958 he

students will feature Dr. Creutz' visit.

Dr. Creutz previously was head of the Department of Physics and Director of the Nuclear Research Center at the Carnegie Institute of Technology at large evaluating the U.S. controlled thermonuclear program for the U.S. Atomic Energy Commission.

A native of Wisconsin, he received his Bachelor of Arts and doctorate degrees from the University of Wisconsin and taught both at Wisconsin and Princeton University. From 1942 to 1944 he headed the first group to make metallurgical studies of uranium, beryllium and aluminum for the Manhattan Project, work which led to the successful development of fuel elements for nuclear reactors at Oak Ridge and Hanford. He also served as a group leader at the Los Alamos Science Laboratory and has been a member of the executive board of the Council of Institutes cooperating with the Argonne National Laboratory.

Interested faculty members and students are invited to join with the Physical Science Department in attending the planned series of lectures. Dr. Creutz will speak on the following topics at the time and place indicated:

Monday, May 8, 10 a.m. in Sci-E-28, "Controlled Thermonuclear Energy." Monday, May 8, 5 p.m. in Sci-E-28, "Relativity."

On Tuesday May 9, 11 a.m. in Sci-E-28, "Fundamental Particles of Matter." Tuesday, 5 p.m., a dinner meeting in the Staff Dining Room to be followed at 7 p.m. with a talk on "Models of the Nucleus."

## Counselors Named For Welcome Week

"After postponing the final announcement of Welcome Week counselors twice because of difficulties, the list is finally ready for publication," reports Dick Warner, 1961 Welcome Week chairman.

The Cambria new student orientation program will handle 400 students at Camp Ocean Pines and Camp Pinecrest during two sessions of camp.

George Maybee was chosen to pilot the Pinecrest sessions as chairman and Jack Keyes will assist him as operations chairman. Jana Mosgar-Kosul will be the program chairman for that camp while Roger Vierre and Nancy Goldsmith hold down the jobs of arrangements and publicity chairmanships, respectively.

Sue Gaydon and Mike Walsh are the recreation chairmen. Vic Dolente will lead the songs and yells, Judy Ryman is in charge of personnel and Sandra Shaw is the pianist. Other counselors for Pinecrest are Jim Clark, Sandy Hayman, Ken Bloum, Ted Cimral, Tom Cable, Mary Hallahan and Kathy Wheeler.

Dick Warner will head the Ocean Pines Camp and his operations chairman is Bill Ehrlich. Libby Hatch will handle the program, Art Boster is in charge of arrangements and Susy Weatherford will be the publicity chairman.

Recreation will be handled by Sally Plumer and Don Struble, while Judy Church acts as song leader. Linda Jain is the personnel chairman. Roger Hillo is the pianist. Other counselors for Ocean Pines are Tom Bragg, Judy May, Pete Smith, Joe Zallen, Holly Joseph, Bob Sanders and Doris Hoffmann.

To insure a full staff of counselors for both camps, the committee chose twelve alternates: Lee Paxton, Ann Eyer, Georcel Spain, Kathy Hamlett, Eileen Leppold, Ed Zimmerman, Dianne Bonnet, Butch McCann, Bonnie Bandy, Gale Barber, Stan Kellerup and Debbie Davis.

Bob Spink, graduate manager, will be the resident advisor at one camp.

### BULLETIN

## Coyer Makes Progress After Rodeo Injury

Dale Coyer, Technical Journalism major from San Luis Obispo, who was seriously injured in last week's Poly Royal Rodeo is reported to be improving.

Coyer was injured while working in the pens behind the rodeo arena when a Brahman bull turned on him. He was taken to French Hospital where he remained unconscious for four days.

He is now reported to be conscious during intervals and is taking liquid food.

## CCAA Conference Held On Campus This Weekend

Athletic directors, faculty athletic representatives and coaches from Fresno State College, Los Angeles State, San Bernardino State, University of California, Santa Barbara, San Diego State and Long Beach State will attend the annual meeting of the California Collegiate Athletic Association to be held at Cal Poly this weekend.

### \$20,000 Claim

## Player Status Questioned In Compensation Hearing

San Luis Obispo City Hall council chambers was the site of a public hearing Wednesday to determine whether Gary Van Horn, Paso Robles, one of the 16 football players killed in the Toledo, Ohio, air crash last October, was an employee of the college. The hearing resulted from an appeal by Van

## Four Outstanding Lectures In May

"Science for the Layman," a special program sponsored by the Physical Science club and the California Teachers Association, will consist of four popular, non-technical, lectures. The lectures described as exciting as tomorrow's headlines will be delivered by men prominent in their fields.

The illustrated lectures will be presented in the Air Conditioning Auditorium during the month of May. All lectures will be held on four consecutive Wednesdays at 8 p.m.

May 10, Dr. Leo F. Epstein, technical consultant, Vallecitos Atomic Laboratory, General Electric Co. will speak on "Energy and Man's Uses of Atomic Energy."

May 17, Dr. A. R. Hibbs, chief, Division of Space Sciences, Jet Propulsion Laboratory, California Institute of Technology, will speak on "Lunar and Planetary Exploration: Our National Program."

May 24, Dr. Norman Crowder, technical director training systems, Western Design and Electronics, will talk on, "Automated Instruction: Increasing Individual Learning."

May 31, Gerald Lewis, assistant manager, Shell Chemical Co., Ventura, his topic will be: "Plastics and Synthetics: Chemistry Today and Tomorrow."

### Weekend Movie

"The Diary of Anne Frank" plays Saturday night in the Air Conditioning Auditorium at 7 and 9 p.m.

The movie relates the story of a Jewish girl and her family and how they hid for two years in an attic from the Nazis. Millie Perkins plays the part of Anne Frank, who eventually died in a concentration camp. Shelly Winters and Ed Wynn have featured roles.

**VANDENBERG**—A \$100,000,000 gamble paid off when a Titan long range missile thundered from a 146-foot deep underground silo for the first time in history. Thus the success has justified the spending of about \$100,000,000 for "hardened" underground missile sites around the country by the Air Force.

**SAN FRANCISCO**—University of California student Robert Melsenbach has been acquitted of the charge that he clouted a policeman in the tumult of last year's San Francisco City Hall riot.

**LONDON**—British diplomat George Blake, who was subjected to communist brainwashing attempts as a captive in Korea was sentenced to 48 years in prison for spying for the Soviet Union. This was the stiffest penalty imposed by Britain in peace-time.

**WASHINGTON**—President Kennedy scored a comeback legislative victory when Congress approved a \$1.25 minimum wage bill that will bring 3.6 million non-wworkers under the Wage and Hour Law for the first time.

**HAVANA**—Premier Fidel Castro's government has capped its defeat of the Cuban invasion two weeks ago by announcing the capture of Manuel Artimo, top civilian leader to the exile expeditionary force.

**CAPE CANAVERAL**—United States space scientists who set their sights towards a man-in-space attempt early this week are anticipating a delay due to foul weather today.

**VIENTIANE**—Royal Laotian forces ignored cease-fire appeals by their own leaders and launched heavy new attacks in Southern Laos, Communist units broke a local cease-fire north of Vientiane earlier.

# Peace Corps Volunteers, First Stop-Tanganyika

By MIKE CASSITY

Over 20 students have expressed interest in applying for the Peace Corps since the program was first announced in El Mustang three weeks ago. Several misconceptions, however, have sprung up on this campus and others throughout the nation regarding the working conditions of the corps volunteer.

The college graduate who is sent abroad won't try to impress the insufficient, poverty-stricken residents with his knowledge of Thoreau, nor will he expend wasted energy shoveling dirt from ditches.

Moreover, volunteers won't flash the luxuries of America to win their confidence, and they certainly won't be selected from the ranks of "draft dodgers."

The truth of the matter is that the Peace Corps volunteer will go abroad to places where he is vitally needed. If Frankfurt, Germany sounds nice, so had Kilimantaro, Tanganyika. If a country is deficient in a needed skill, the volunteer who holds that talent will be sent abroad accordingly.

In other words, if your skill happens to be administration, or perhaps political science, you need not expect to build roads or pitch tents. You will naturally be utilized in the capacity in which you are most efficient.

According to a recent Peace Corps bulletin, the first volunteers will go to Tanganyika, a country of 860,000 square miles on the east coast of Africa.

Astonishingly, in our eyes, the Tanganyikans can only hope to train two land surveyors in the next five years! Though plentiful in unskilled labor, their government has asked the Peace Corps to provide surveyors, civil engineers and geologists to meet their shortage.

Currently, applications are pouring in from all parts of the country—many in these specialties. In June, the task force will be selected on the basis of late May interviews and sent to a university for intensive training in the culture, tradition and history of Tanganyika. Of course, the corps member will begin physical conditioning to meet the rigid living standards of the east African country, and he will be thoroughly briefed on the heritage and democratic institutions of the United States.

Since the first country to which Peace Corps candidates are to be

sent is in Africa, exhaustive training has been set up for conditioning in similar terrains as that found in Tanganyika. Somewhere abroad, volunteers will train in a mountain rain forest along with intensive lectures on tropical living of the area. Programs designed to strengthen adaptability, endurance and mental as well as physical stamina are planned.

Almost all Peace Corps candidates can expect to be taught local languages in a home university. However, for this project, the Tanganyikan government has requested that they be permitted to teach the volunteers Swahili—their native tongue.

The Tanganyikan project can well serve as an example for future projects to come. The work may be hard, frustrating, and dangerous. It will be lonely, but above all, it will be rewarding.

In most future Peace Corps projects, as in Tanganyika, the volunteer will receive enough money to live a simple existence. The lack of salary should not invoke a fear of no travel, relief periods or recreation. All this, along with medical care, will be taken care of for you.

"When he returns after two years service," states the bulletin, "the volunteer will receive \$75 for every month spent overseas. Furthermore, he will have the services of a career planning board to help continue his career."

"Liberal arts graduates will be in great demand for a number of needed tasks," continued the bulletin.

Anyone requesting full information about the Peace Corps should write for Peace Corps "Fact Book," Peace Corps, Washington 25, D.C.

Volunteer forms for present and future Peace Corps projects are available on campus at the placement office and by writing the Peace Corps, Washington 25, DC.

The proper study of mankind is books.

—Aldous Huxley

## Out Of The Din

Contributions to "Out Of The Din" should not exceed 175 words. Editors reserve the right to edit and/or condense all letters received, and to decline publishing letters that are, in the opinion of the editor, in poor taste or libelous. All communications must be signed by the writer. If a nom de plume is desired as a signature, it is permissible, but the editor must know the true identity of the author.

## Double Parking Worries

Dear Editor:

There seems to be a parking problem in front of the post office. There are always so many cars double parked in the street, one can't maneuver without endangering ones car. Is it not illegal to double park?

Today, I pulled into a parking place in front of the post office and someone double parked by my car. The party was in the car and wouldn't even move to let me out when I politely asked him. Nothing can be done about the attitude of the students, but security could do something about the "double parkers."

Garret Law

Editors note:

The parking area in front of Mustang Stadium originally staff parking was changed to combat the post-office parking problem. It was hoped that students would park in this area then walk to the post-office. But it seems that the days of walking are over.

## Briefcase Missing

Dear Editor:

Will the student who made the mistake of picking up the wrong briefcase in the cafeteria at evening meal time on Tuesday, April 26, please return it especially the contents to the Associated Student Body Office or the dean of students office.

The contents include a collection of foreign stamps that are of personal and family value to him. It is a great loss to him. As he is a guest in our land, I believe that it is most essential that the stamps be returned.

He believes the black plastic briefcase that contained the stamps was picked up by mistake and sincerely hopes the student who did so will have character enough to return it. He offers his sincere thanks.

Everett M. Chandler  
Dean of Students

## 'Books At High Noon' Features Guest Speaker Florence Bowler

Mrs. Florence Bowler of the Home Economics Department will review three plays currently showing in New York at Books at High Noon Tuesday in the staff dining room.

## Newman Club Sets Beach Party Date

The Newman Club's annual beach party will be held at Hazard Beach the weekend of May 27, according to Tony Massa, president. "Five colleges have been invited to the event," Massa said, "we expect some 60 students from Fresno State College, College of Sequoias, Porterville Junior College, Bakersfield College and Santa Barbara."

The people will begin to arrive around 11 a.m. on Saturday and will be registered in front of Mission Hall; they will proceed to the motel and then to the beach for games and a chicken barbeque.

A dance will highlight the evening in Mission Hall beginning at 8 o'clock and prizes will be given for the dance contest and games.

A breakfast will be served in the Mission High School cafeteria after the 9 a.m. mass Sunday at which time the incoming officers for the 1961-62 school year will be installed, and the club's Spring Sing group will entertain.

## Mermen Host Seven Schools In State Swim Championship

Poly's pool is the site of frenzied action this week as the CCAA champion Mustangs host seven outstanding collegiate swim squads today and tomorrow in the State Collegiate Swimming Championships. Meeting the Mustangs are Fresno State College, Cal Poly, Pomona, Long Beach State, San

Francisco State, San Fernando Valley State, Los Angeles State, and the University of California at Santa Barbara.

San Jose State is not competing and Coach Dick Anderson figures that the meet will just be a repeat of the CCAA conference meet held at Santa Barbara two weeks ago. In that outing, the Mustangs rolled up 145 points to Long Beach State's second place aggregate of 96½ points.

"San Francisco State might be a possible sleeper for the meet," explained Anderson prior to this week's fracas. With the withdrawal of San Jose State, the Mustangs expect most of their competition to come from San Francisco State and Long Beach State. "Fresno may slip in for some points," added Anderson.

Cal Poly appears to be in good shape after registering a 77-18 drubbing of UC, Santa Barbara last weekend in a contest which saw four school records and two pool records fall by the wayside.

## Lloyd Places Second At Ojai Invitational Tennis Tournament

Rawson Lloyd represented the Cal Poly tennis squad last weekend with a fine showing at the Ojai Invitational Tournament. Previously undefeated, Lloyd placed second in the college division. He was defeated in the final round in a match that went five sets.

The Mustang netters are currently in Santa Barbara participating in the CCAA round robin tournament that is being held on the UC campus until tomorrow.

The tourney will bring together all the teams in the CCAA in their final matches of the season. The traveling squad for the match is made up of Lloyd, Tom Lingham, Don Lord, Sal Bahador and Marshall Wright.

## BSEE-MSEE Graduates

As a graduate engineer, you undoubtedly want to seek affiliation with an engineering organization in which you can specialize in your particular area of interest. Such an organization should be able to assure you that as a member of its engineering team, your professional growth is limited only by your capacity to expand your engineering "know-how."

Your firm should be expected to present to you a career plan, wherein company sponsored educational programs combine with challenging engineering assignments to provide ample opportunity for you to move forward in your profession. Your firm should be expected to encourage creativity and the early acceptance of responsibility. GILFILLAN is such an organization. The research and development programs in progress at GILFILLAN now offer a wide variety of opportunities for graduate engineers who seek careers in electronics.

Why not request that the Placement Center arrange an interview with our representative on Campus Thursday, May 11? He will welcome an opportunity to answer any questions you may have concerning GILFILLAN. Whether you have already decided on an affiliation or not, we promise that your interview will be most enlightening.

## Santa Barbara Campus Track Finals Scene

The dozen trackmen that make up the squad from Cal Poly will journey to Santa Barbara tomorrow at 10 a.m. to participate in the CCAA conference meet. According to Track Coach Walt Williamson, Fresno looks like a sure winner but the Mustangs should score some points with a few firsts.

Tabbed by Williamson as possible point getters are Tom Pagani in the shot put, Luis Rodriguez in the 880, Dennis Jones in the high jump and Ingo Hallatschek in the javelin.

"The Mustangs could finish third or fourth if the points are spread enough," says Williamson.

Last weekend, three Mustangs traveled to the Mt. San Antonio College Relays. Dennis Jones nabbed a fourth in the high jump in the open competition. Tom Pagani was second in the hammer throw. Luis Rodriguez was nipped in a close race and had to settle for fourth in the 880 event.

Illinois owns 12 of the 18 tumbling titles contested in the history of the national collegiate gymnastics championships.

## Diamondmen In Position To Clinch CCAA Second Spot

A series win this weekend against the San Diego State Aztecs will give the Mustang baseballers second place in the CCAA action. The Aztecs will invade the campus of the Mustangs on Friday for one game at 2:30 p.m. and again at 12:30 p.m. on Saturday for a twin bill.

Last week's action found the Mustangs facing the Los Angeles State nine. After dropping the first contest 4-1, the Mustangs bounced back to sweep a double-header Saturday, 5-4 and 5-2. The series left the Mustangs with a 6-6 league mark and a 17-16 overall record.

League statistics find three Mustang hitters above the .300 mark. Leading the Mustangs is Ken Anderson with a .484 batting average. Anderson has eight runs batted in and 10 runs scored. Following Anderson is Renny Russell, .400, six RBI's and 8 runs scored; and Lyman Ashley, .367, 11 RBI's and seven runs scored.

In overall season play, Anderson leads the team in hitting with a .391 average, six home runs and is third in RBI's with 15. Jerry Williams leads the RBI department with 19 and has collected four home runs.

## Alpha Psi Omega Aids Health Project

Alpha Psi Omega, the college's newest drama society, will perform its first service project this evening when they will work in conjunction with the Rehabilitation Department of the Atascadero State Hospital in presenting a program for the San Luis Obispo County Mental Health Association. The program, a play, "Egad What A Cad," is a one-act "melter-drammer" and will be presented at 7:30 p.m. in the Monday Club on Monterey Street. The play achieved popularity last weekend at Poly Royal.

Mrs. Elmer Brown, coordinator of the County Bell-Ringer Campaign for mental health, reported that cider, peanuts and pretzels will be served following the play.

Donation for the evening is \$1.

Members of the fraternity will also serve the refreshments and aid in cleaning up.

"May is Mental Health Month," said Mrs. Brown, "and we must realize that a substantial sum is necessary to support this worthwhile project. We hope that many students and faculty will attend."

Books have led some to learning and others to madness when they swallow more than they can digest. —Petrarch

It is those books which a man possesses but does not read which constitute the most suspicious evidence against him.

—Victor Hugo

## Four Gals Accepted By Kellogg-Voorhis

Four coeds from the Southern California area have become the first women students to be admitted to the previously all-male Kellogg-Voorhis campus, Pomona.

Carol Ann Sperber of Holtville, Carol Sara Abulone of Huntington Park, Martha Asher of San Bernardino and Bonnie Ruwet of Arcadia are the four girls.

Miss Sperber will major in Physical Education, Miss Abulone will major in Electronic Engineering, Miss Asher will major in Business Administration and Miss Ruwet will major in Animal Husbandry.

The four girls are among an expected group of 800 coeds to enroll at Cal Poly in September. All of the girls admitted will be able to major in any of the major subjects now being offered at the college in addition to Civil Engineering and Office Administration, both of which will be offered for the first time in September.

All of the girls will be 1961 high school graduates.

## Publication Openings

Application blanks are available for the following positions on the El Mustang staff. Positions open are: editor-in-chief, advertising manager, publications manager, El Rodeo editor and Board of Publications chairman.

Blanks are available from journalism instructors, John Healey and Loren Nicholson in Adm. 21 or from Board of Publications chairman Mary Fran Crowe. Applications should be returned to Mary Fran Crowe.

## Spring Sing Tryouts Monday, Tuesday

"Cal Poly's Voice in Song," to be presented May 28, will get its beginning Monday and Tuesday nights with the preliminary tryouts in the Air Conditioning Auditorium from 8 to 10 p.m. each night.

Fourteen groups will be trying out. Each organization will fall into one of the following: Chartered clubs, college approved professional fraternities, college approved honorary fraternities, on campus residence halls and college approved off-campus men's dorms.

Each group will fall into one of the following divisions: women's division, men's division, mixed division, specialty division, and production division.

The tryouts, to be closed to the general public, will be judged on singing, appearance, arrangement, audience appeal, preparation and general opinion.

All qualifying groups will participate in the May 28, Spring Sing, the first of its kind to be presented at Cal Poly.

Groups trying out Monday and Tuesday night are: Santa Lucia Hall, Trinity Hall, Wesley Fellowship, Newman Club, Rally Club, Block "P" Lettermen's Club, Heron Hall, Wrestling Club, Fremont, Third floor, Corinthians, Osondallers, Roger Williams Fellowship, Chase Hall and Hillel Club.

## Roving Reporter

By Mike Cassidy

If you had the time, the money, and a desire for more prestige, would you get a Jacqueline Kennedy hairdo?

Marlene Schaeffer, freshman, Cuyama Valley:

No, my hair's too short. Yes, I think it's a cute hairdo, but I'm not sure whether or not I'd adopt the same style.

Carol Sue Swensen, junior, Tarzana:

No, Pat Nixon's! Seriously, I'm an individualist and I like my own hairstyles. I like to fix my hair the way it looks best on me, not Jackie Kennedy. I think her hair style compliments her appearance.

Cathy DeGasparis, freshman, Guadalupe:

If it suited me I certainly would get such a hairdo, but I wouldn't fix my hair like that because Jackie Kennedy does. But I think she is very attractive, and she chooses things that flatter her. As I, she's an individualist.

Bonnie Barry, sophomore, Santa Barbara:

I don't especially care for her hairdo. I'm an individualist. I don't enjoy trying to be like somebody else.

Peggy Thorn, freshman, Oxnard:

I'm sure I would get a hairdo like Jackie Kennedy's. After all, I had one done up last week for the Coronation Ball. I didn't look like Jackie Kennedy, but styles are styles.

Colleen Wylie, sophomore, Sacramento:

I definitely don't need time, money, or prestige to acquire Jackie Kennedy's hair style. All I have to do is go out in the San Luis wind for five minutes.

Anyway, it's much sophisticated and "vogueish" for Cal Poly.

History is something that never happened, written by a man who wasn't there.

—Anonymous
